RESTATED URBAN REVITALIZATION PLAN
CITY OF MUSCATINE, IOWA
2013 MUSCATINE HOUSING URBAN REVITALIZATION AREA
ORIGINAL PLAN ADOPTED _____, 2013
RESTATED PLAN ADOPTED MARCH 1, 2018

INTRODUCTION

The Urban Revitalization Act, Chapter 404 of the Code of Iowa, is intended to encourage development, redevelopment and revitalization within designated areas of a city by authorizing property tax development incentives to the private sector. Qualified real estate within a designated area may be eligible to receive a total or partial exemption from property taxes on improvements for a specified number of years, with the goal of providing communities with a long-term increase or stabilization in the local tax base by encouraging new construction which might not otherwise occur.

Section 404.1 of the Code of Iowa provides that a City Council may designate an area of the City as a revitalization area, if that area meets the following definitions:

“An area in which there is a predominance of buildings or improvements, whether residential or nonresidential, which by reason of dilapidation, deterioration, obsolescence, inadequate provision for ventilation, light, air, sanitation, or open spaces, high density of population and overcrowding, the existence of conditions which endanger life or property by fire and other causes or a combination of such factors, is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency or crime and which is detrimental to the public health, safety, or welfare.”

“An area which by reason of the presence of a substantial number of deteriorated or deteriorating structures, predominance of defective or inadequate street layout, incompatible land use relationships, faulty lot layout in relation to size, adequacy, accessibility or usefulness, unsanitary or unsafe conditions, deterioration of site or other improvements, diversity of ownership, tax or special assessment delinquency exceeding the actual value of the land, defective or unusual conditions of title, or the existence of conditions which endanger life or property by fire and other causes, or a combination of such factors, substantially impairs or arrests the sound growth of a municipality, retards the provision of housing accommodations or constitutes an economic or social liability and is a menace to the public health, safety, or welfare in its present condition and use;

“An area designated as appropriate for public improvements related to housing and residential development, or construction of housing and residential development including single or multifamily housing”; and

“An area which is appropriate as an economic development area as defined in Section 403.17 of the Code of Iowa.”

Section 404.2 of the Code of Iowa requires that a city prepare a plan to govern activities within the proposed revitalization area, and the balance of this document is intended to set out the elements of a plan that are mandated by state law.

B. DESIGNATION CRITERIA

In accordance with Section 404.1 of the Act, the City Council has made the following determinations with respect to the Revitalization Area:

1. A portion of the property situated in the Revitalization Area is an area which, by reason of the presence of a substantial number of deteriorated or deteriorating structures, deterioration of site or other improvements, and a combination of these and other factors, substantially impairs or arrests the sound growth of the City, constitutes an economic and social liability and is a menace to the public welfare in its present condition and use; and

2. A portion of the property situated in the Revitalization Area is an area in which there is a predominance of buildings and improvements which, by reason of age, history, architecture and significance, should be preserved and/or restored to productive use; and

3. The Revitalization Area is an area which is appropriate as an economic development area as defined in Section 403.17 of the Code of Iowa; and

4. The Revitalization Area is an area which is appropriate for public improvements related to housing and residential development, or construction of housing and residential development, including single or multifamily housing; and

5. The rehabilitation, redevelopment, economic development and promotion of housing and residential development in the Revitalization Area is necessary in the interest of the public welfare of the residents of the City and the Revitalization Area substantially meets the criteria set forth in Section 404.1 of the Act.

C. OBJECTIVES

This plan is prepared in conformance with Section 404.2 of the Code of Iowa for the purpose of providing incentives and outlining procedures to enhance the potential for residential development in the Revitalization Area. The property within the Revitalization Area is zoned for commercial and residential purposes. Improvement of existing residential properties, together with new and expanded residential development, are proposed in the Revitalization Area.

In order to be eligible for tax abatement, the Non-Contributing Building Improvements must not increase the population density of the facilities being improved.

Exemptions: (1) All qualified real estate assessed as **RESIDENTIAL PROPERTY** and situated in the Historic Property Subdistrict is eligible to receive an exemption from taxation for a period of three years on 100% of the actual value added by the improvements; and (2) All qualified real estate assessed as **MULTI-RESIDENTIAL**, or assessed as **COMMERCIAL PROPERTY**, if the commercial property consists of three or

4. **Further Qualification.** Actual value added by the above-described improvements, as used in this plan, means the actual value added as of the first year for which the exemption was received. In order to be eligible for tax abatement on such improvements, the increase in actual value of the property must be at least 10%. All improvements, in order to be considered eligible, must be completed in conformance with all applicable regulations of the City of Muscatine, and must be completed during the time the Revitalization Area is designated by ordinance as a revitalization area.

G. TIME FRAME

Eligibility for tax abatement under this plan will exist after the date of the adoption of the ordinance designating the Revitalization Area, until, in the opinion of the City Council, the desired level of revitalization has been attained or economic conditions are such that the continuation of the exemption granted would cease to be of benefit to the City, in which case the City Council may repeal the ordinance, pursuant to Section 404.7 of the Code of Iowa. In the event the ordinance is repealed, all exemptions granted prior to such repeal shall continue until their expiration.

H. APPLICATION PROCEDURES

An application shall be filed for each new exemption claimed. The property owner must apply to the City for an exemption by February 1st of the assessment year for which the exemption is first claimed. The application shall contain, but not be limited to, the following information: The nature of the improvement, its cost, and the estimated or actual date of completion of the improvement.

I. APPROVAL OF APPLICATIONS

The City Council shall approve all applications submitted for completed projects if:

1. The project, as determined by the City Council, is in conformance with this plan;
2. The project is located within the Revitalization Area; and,
3. The improvements were made during the time the Revitalization Area was designated by ordinance as a revitalization area.

All approved applications shall be forwarded to the County Assessor for review, pursuant to Section 404.5 of the Code of Iowa. The County Assessor shall make a physical review of all properties with approved applications. The County Assessor shall determine the increase in actual value for tax purposes due to the improvements and notify the applicant of the determination, which may be appealed to the local board of review pursuant to Section 441.37 of the Code of Iowa. After the initial tax exemption is granted, the County Assessor shall continue

to grant the tax exemption for the time period specified on the approved application. The tax exemptions for the succeeding years shall be granted without the owner(s) having to file an application for succeeding years.

J. OTHER SOURCES OF REVITALIZATION FUNDS

The City anticipates no federal or state grants or loans for improvements in the Revitalization Area at this time other than those of conventional lending institutions at normal market rates.

However, it is not the intention of the City to prohibit the use of other appropriate federal or state revitalization or incentive programs within the area.

K. RELOCATION PROVISIONS

The City does not anticipate the displacement or relocation of any persons, families, or businesses as a result of the improvements to be made in the Revitalization Area.

L. OWNERS OF PROPERTY AND ASSESSED VALUATION

The names and addresses of the owners of the property located within the Revitalization Area and the assessed valuation of such property is set forth on Exhibit B attached hereto.

M. REVITALIZATION AREA ALSO INCLUDED IN MUSCATINE URBAN RENEWAL AREA

The real property being included as part of the Revitalization Area has also been included in City's existing Urban Renewal Areas established pursuant to the Urban Renewal Act, Chapter 403 of the Code of Iowa. The City Council reserves the right to deny any application for tax abatement made pursuant to this plan for the reason that the City Council has determined that the incremental property tax revenues, as set forth in Section 403.19 of the Code of Iowa, to be generated from the property for which the abatement is sought are necessary to carry out the urban renewal objectives of the City.
